

**Doc. T97-010**  
*Passed by the BoT*  
**2/5/97**

**University of Massachusetts**  
**Policy Statement on Data Security, Electronic Mail, and Computer Policy**  
**Development**

The President of the University shall ensure that each campus institutes data security, electronic mail and computer policies, and, from time to time, amends them as appropriate or as required by law. If any campus policy conflicts with federal or state statute, the applicable statute shall apply.

The President, together with the Chancellors or their designees, shall establish standards and timetables for data security, electronic mail and computer policy development on the campuses. Campus policies must adhere to these standards.
